

2020 Year in Review

The Melanie and Rosalie Albright Foundation

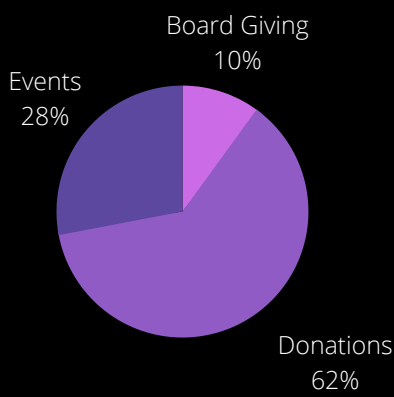

\$791.69 in Scholarships Awarded

The Melanie and Rosalie Albright Foundation was established to honor the memories of two sisters, Melanie and Rosalie, who found joy in life through participating in the theatre while battling cystic fibrosis. We believe the theatre community is a safe, welcoming place for youth to be supported and accepted for who they are. By providing scholarships and performance opportunities to youth ages six to twenty-one, we can help those wishing to participate in any aspect of theatre find acceptance and a place of belonging.
